

Press Release

The INDIGO Group sets up in Poland

Paris-La Défense, July 15, 2020. World leader in parking and individual mobility, INDIGO Group extends its European coverage by opening a subsidiary in Poland. The Group's ambition is to conquer this new market where many projects have been identified.

INDIGO completes its presence in Europe by setting up in Poland, a large country and a promising market for the "concessive" model (long-term partnership with local authorities). With 38 million inhabitants, a stable regulatory framework and a favorable investment climate, Poland experienced solid economic growth of 4% in 2019, after a 5.1% increase in 2018. The country's modal share of cars is growing steadily and is higher than France in absolute terms (> 600 cars / 1000).

As in the other European countries where it is present (Belgium, Spain, France, Luxembourg, Switzerland), INDIGO aims at becoming a reference player in Poland. "We have the ambition to be among the top three operators in the country within 5 years and leader in the long term", says Thomas Bimson, Director Central Europe of INDIGO Group. INDIGO intends to develop in Poland both through acquisitions and organic growth, providing innovative solutions in all its businesses.

INDIGO Polska has just won a 10-year contract to operate the car park (150 parking spaces) of a vast real estate program, the "Warsaw Brewery": an iconic complex of restaurants, offices and apartments built on the historic brewery site in the center of Warsaw, in the heart of a fast-developing district.

In Poland, INDIGO is positioned on the on-street parking market, on the management of public car parks serving hospitals, universities, shopping centers, offices... but also on the emerging market of concession car parks. To develop INDIGO Polska, the group has recruited Michał Wikliński who previously founded and developed the current market leader in parking in Poland (CPG).

About INDIGO

As the world leader in parking and individual mobility, INDIGO employs 23,000 people across 11 countries and in 750 cities. INDIGO operates 5,440 car parks throughout the world (with 2.4 million parking spaces) and over 2,300 km of on-street parking. It is the only parking service operator present on three continents and in all parking segments: on-street, off-street and shared private car parks. INDIGO provides services to both local authorities and private organizations (hospitals, shopping malls, train stations, airports, universities, etc.) and develops innovative mobility solutions to make it easier for users to get around urban areas.

OPnGO, INDIGO Group's digital solution, offers all parking services via a single application. Whether booking a parking space or paying for on-street parking, OPnGO seeks to make the driver experience easier by providing the parking options they need. OPnGO is present in 4 European countries: France, Belgium, Spain and Luxembourg.

Streeteo assists French local authorities in implementing the 'on-street paid parking' reform, seizing it as an opportunity to improve the fluidity of traffic in town centers. Ever since INDIGO® weel was launched, the Group is the only French company to offer a station-less self-service bike-sharing system.

Firmly committed to a comprehensive CSR strategy, INDIGO Group ranked 44th out of a panel of 4,903 companies worldwide, evaluated based on their non-financial performance by rating agency Vigeo Eiris.

Indigo is a global player with a local presence, that is wholly owned by Infra Foch Topco. The share capital of Infra Foch Topco is held by PREDICA, one of Crédit Agricole Assurances' subsidiaries, holding 47.52%, by Vauban Infrastructure Partners, holding 33.17%, by MEAG, holding 14.36%, Infra Foch Topco itself with treasury shares representing 0.5%, the remainder being held by the Group's management.
